Interfraternity Council

The Interfraternity Council at Middlebury is a student organization composed of two elected members from each of the ten fraternities. These members are elected in the Spring of their Sophomore year and serve until the Spring of their Senior year. Officers of the Council are elected during their Junior year and serve until the end of their term. The Council is run by the President, a Vice-President and the Secretary-Treasurer.

The Interfraternity Council's function on campus is that of regulating fraternity activities. Its duties are many and varied, among them being the regulation of fraternity rushing, organization of a unified social program, development of a guides program, conducting general intramural activity and implementing Help Week, a relatively new activity recognized on many college campuses. The College respects the efforts of the Council in effecting these duties, and in aiding the fraternities toward improving their college, community and individual relations.

Fraternity Drinking Code

Since drinking is frequently centered around a group of fraternity brothers, and their conduct may be a greater reflection on the fraternity than on the individuals concerned, the following policies are effective.

1. At any beer parties sponsored by the fraternity, in the house or off the campus, one member or committee of men will be placed in charge with authority to keep the party within bounds of good order and within designated limits.

2. The fraternity social chairman will notify the Dean's Office in advance of any organized drinking party to be held by the fraternity, and the name of the member or committee in charge of the event will be furnished to the Dean of Men, and/or the Dean of Women.

3. The fraternities will work in cooperation with the Women's Code of Social Conduct as prescribed by the Handbook.

4. Discretion will be exercised in arranging drinking parties in public places where students are likely to be conspicuous.

5. The fraternity discourages any of its members from taking beer or liquor in any form to athletic events in which Middlebury participates on or off the campus; members violating this policy are subject to censure by the fraternity.

6. A first or minor infraction of individual misconduct reported to the Dean will be referred to the fraternity for appropriate action. An incident which involves a group of fraternity men and which may prove derogatory to the fraternity system may be referred by the Dean to the IFC for appropriate action. Either the fraternity or the IFC may, after consideration, decide to refer the case to the Judiciary Council.

Panhellenic Association

The Panhellenic Association of the Women's College of Middlebury is composed of two delegates from each chapter of the national sororities represented on this campus and from such locals as they shall see fit to admit.

The purpose of this organization is to work together for the good of the College and its women students, and by group cooperation to benefit the sororities of the College and to unify the interest of sorority and non-sorority women. Its principal function is to compile rules governing rushing, pledging and initiation on this campus.

Excerpts from By-Laws:

1. Social Privileges:

   a. Definition: Social privilege is a purely social connection which a girl has with a sorority. She is under no obligation regarding membership. She is free to be rushed by any other group.
   b. The question of social privileges is determined by the particular sorority in accordance with its national policy. The Panhellenic Council limits the number of social privileges which each sorority may extend.

2. Legacies:

   a. Definition: A girl whose mother or sister is a member of any sorority represented on this campus.

b. A list of girls who, under this definition, are legacies must be handed to the President of Panhellenic Council in order that a record may be kept during the pre-rushing season.

3. Rushing:

a. Sorority rushing is conducted the first two weeks in the second semester of each year, according to the rules and procedures set up by the Council.

b. Open Rushing: A girl may be open-rushed at any time during the school year other than during the period of formal rush.

4. Eligibility for Membership:

a. Pledging: In accordance with their national policies, some of the sororities represented on the campus require that a girl must have achieved a certain academic average before she may be pledged.

b. Initiation: At the regular initiation all pledges must be initiated on mid-year marks as first officially given out in the Registrar's Office, except as in special cases which should be brought before the Council. The required average for initiation is 75.5 percent.

College Regulations

1. REGISTRATION

1. Records: All students are required to keep on file at the Registrar's Office complete and accurate records of course selections, class schedules, home and college addresses, and other data which faculty, students, or others may need at any time for general information. It is the responsibility of the student to register promptly any changes in this information. The official academic records are kept by the Registrar, and all final grades or transcripts are obtained through her office.

2. Procedure: Prior to the beginning of each semester, a student is required to secure registration forms from the Registrar's Office, obtain the approval of the faculty adviser for the course program, and complete registration on the days designated by the Faculty. No student is admitted to a course until the instructor receives the student's class card from the Registrar. A fee of $5 is charged for enrollment after the designated registration period.

3. ROTC: The two-year ROTC basic course is required of all male students. The two-year advanced course is optional for all students who are selected.

4. Semester requirements: Freshmen are required to elect five academic courses; other students four or five courses depending on the credit granted for the courses. No regular student is allowed to register for fewer than 13 credits in any one semester, and no student may elect more than 16 credits unless his average for the previous semester is 80 or above, or is in his senior year. Exceptions to this may be made only on the approval of the faculty adviser, the Dean and the Chief Adviser. The charge for each credit elected in excess of 16, not counting the required ROTC basic course, the one extra credit allowed

for the Senior Honors course, and the extra credits for laboratory work in Music 12, is as follows:

For students entering in Sept. 1961	$44.00
For students entering in Sept. 1962 or 1963	$47.00

No student may elect two courses scheduled at the same hour.

5. Course changes: Changes in courses may be made during the first week in a semester only by permission of the Adviser; during the second week by permission of the Adviser, Chief Adviser and instructor involved, and payment of a fee of $5. The fee must be paid to the Treasurer and receipt presented to the Registrar before new class cards are issued. After the second week of classes course changes may be made only within a department upon the initiative of the instructor. If for any reason a course is dropped after the end of the second week of classes in a semester, no refund of fee is granted, and the student receives a failure in the course.

6. Prerequisites: Course prerequisites, as shown in the college catalogue, must be met before a student is permitted to enroll in a subject. However, a student may elect an advanced course for which he does not have the prerequisites either by passing a special examination which demonstrates his qualifications to take the course or by obtaining written permission of the instructor.

7. Auditing: If the permission of the instructor concerned and of the Dean has previously been obtained, a student may attend a class regularly as an auditor, but he must take no part in the classroom exercises and make no demands upon the time of the instructor. A student receives no college credit for auditing a course. Occasional visiting of classes is allowed by permission of the instructor.

8. Readmission: A student dropped for academic failure will not be readmitted except by special action of the

Administration Committee. The Committee will take favorable action on requests for readmission only when it is satisfied that the factors which led to failure have been rectified and that the student concerned has both ample motivation and capacity to earn his degree. Application for readmission is made to the Administration Committee through the Dean. Any student readmitted shall be on probation for the first semester following his return and if dropped a second time shall not be readmitted.

9. Credit transfer: Students wishing to receive transfer credit at Middlebury for courses taken at another institution should prepare "Transfer of Credit" forms in advance. These forms may be obtained from the Deans' Offices.

10. Leave of Absence: Students wishing a leave of absence for study abroad are required to receive advance approval from the Administration Committee.

11. Payment of bills: All students will be required to pay tuition, student activities fee, board and room bills for the semester at least three days before classes begin. Term bills will be mailed to students on or before December 1, and April 1. All bills must be settled in full by December 15 and April 15. FAILURE TO MAKE PAYMENT WHEN DUE AUTOMATICALLY CANCELS THE PRIVILEGE OF ATTENDING CLASSES AND INCURS LIABILITY FOR A LATE PAYMENT FINE OF $5.00.

12. Plagiarism: All students are required to be familiar with and sign the following statement certifying to their understanding of plagiarism as defined by the College:

PLAGIARISM DEFINED

In written work plagiarism is defined as passing off another's work as one's own. It makes no difference whether the source of such work be a fellow student or professional writer. Any time a student lifts as much as a sentence from the

work of another, plagiarism is involved unless the source of the quotation is duly indicated.

Paraphrasing means the close restatement of another's idea and form, using approximately the language of the original. Paraphrasing without acknowledgement of authorship also is plagiarism and is quite as serious a violation as is improperly acknowledged quotation.

The penalty for plagiarism or other forms of dishonesty in student work at Middlebury College is failure, suspension, or discharge from college.

The individual student is responsible for seeing that he is not involved in plagiarism. Ignorance of the definition of plagiarism or of the college rules cannot be offered as extenuating circumstances. Each student assumes full responsibility for all work which he turns in under his name.

I have read the above statement and understand it.

Since accepted procedure for acknowledging source and quotations may vary somewhat from department to department, it is the student's responsibility to be sure that he understands the procedure to be followed for each paper he prepares.

II. SCHOLARSHIP

1. Grade reports: As part of their education in assuming personal responsibilities, students are held responsible by the College for keeping parents correctly informed regarding their standing and progress in college. Final grades, mid-semester grades of freshmen, second course warnings, and notices of academic probation of all students are sent to parents; other reports of class standing are sent to parents only by periodic request to the Dean.

2. Freshman failure: The final evaluation of a freshman's work is normally postponed until the end of the college year; however, the academic standing of all freshmen is reviewed at the end of the first semester, and freshmen who have not demonstrated the ability and incentive to carry on college work may be asked to withdraw. Any freshman who receives three failing grades at the end of the first semester is dropped from college.

3. General failure: At the end of any semester (after the first semester of the freshman year) a student receiving failing grades in two courses will be dropped from college. A student receiving three grades below 70 is placed on academic probation for the following semester at the end of which time all grades but one must be 70 or over and that one not below 60 if the student is to remain in college. No transfer of credits will affect a student's probationary status.

4. Warning: At any time when a student is failing a course, consistently receiving grades below 70, or in any way neglecting the obligations of a course, he is placed on warning for a minimum of four weeks and may take no more unexcused absences in the course for that period. The penalty for taking such an unexcused absence is loss of one-half credit. At the end of the four-week period he may be taken off warning by the Dean if the instructor certifies that his work has improved sufficiently to warrant this action.

5. Double warning: A student who is on warning at the same time in two courses may no longer represent Middlebury in extracurricular activities away from the College for the duration of the period of warning and is required to curtail extracurricular activities which take time from academic work.

6. Triple warning: A student who is on warning at the same time in three courses is dropped from college, if it is the consensus of the instructors and the Dean that the failure is due to lack of application or to negligent attitude.

7. Grading: Scholarship is graded on the scale of 100. Final course grades of 50 or above are recorded numerically and averaged accordingly. Grades are interpreted as follows:

90 To 100 Excellent
80 To 89 Good
70 To 79 Fair
60 To 69 Passing
Below 60 Failure

8. Degree requirements: To be eligible for a degree a student must complete 120 credits, of which not more than 24 may be of D grade. (Below 70.)

9. Class requirements: A student who has completed 24 credits will be ranked as a Sophomore; 54 credits, a Junior; 84 credits, a Senior.

10. Final grades: Reports of standing are made to the Registrar by the instructors at the end of each semester. Students may obtain final grades directly from the Registrar's Office. The instructors are not permitted to give out final grades.

11. Dean's List: Students who attain an average of 85 in their courses at the end of a semester, and who have no grade below 80 are placed on the Dean's List. These students are granted the privilege of unlimited cuts for the entire semester following the scholastic achievement.

III. ATTENDANCE

1. General rule: The College considers it the responsibility of every student to attend all scheduled meetings of a class and to complete all assignments at the time specified by the instructor. Middlebury recognizes the value of extracurricular activities, and all students are encouraged to participate in social, athletic and cultural functions out-

side of scheduled class work, but participation in these events cannot be at the expense of curricular obligations.

2. **Instructor's discretion:** Since the seriousness of absence varies among different types of courses, instructors announce to their classes their individual attendance requirements, and specify the condition under which work may be made up after necessary absence.

3. **Student's obligation:** Whenever, in the opinion of the instructor, a student's work in a course is being impaired by reason of non-attendance, the Dean is informed and the student required to consult the instructor and to comply with any demands made for completing the work missed. When an absence is not justified, the student may not make demands on an instructor's time out of class.

4. **Cutting when on warning:** While on warning in a course, a student may take no unexcused absences in that course, under penalty of loss of one-half credit for each absence.

5. **Necessary absence:** Before a necessary absence is taken in any course, all students are advised to prepare an "Explanation of Absence" form in the Dean's Office (in the Nurse's Office, if illness is the cause) and submit the form to the instructor. Absences are not **excused by** the Dean or Nurse prior to a student's being placed on warning, except for necessary absence from a preannounced test or for absence due to an emergency on the day preceding or following a college recess. The explanations are for information only. The Dean's Office periodically submits to instructors names of students who are absent while participating in approved extracurricular activities.

6. **Vacations:** Absences on the last two days of classes preceding a college recess, or on the first two days of classes or exercises following a college recess, may be excused only for emergencies. Excuses are not granted for

travel time, vacation employment, transportation arrangements and appointments away from College except in the case of scholarship holders and students on the Dean's List. One-half credit is deducted for each unexcused absence, on these days.

7. Excuses: Reasons for absence which will usually be accepted as justifiable by the instructor and the Dean are necessary employment, illness (verified by the Nurse or Physician), participating in recognized extracurricular events, family emergencies.

8. Tardiness: Tardiness or unauthorized early departure from a class or exercise is recorded as an absence.

9. Pre-announced tests: A student absent from a pre-announced test, without excuse from the Dean, receives a failure for the test and is not granted the privilege of a make-up.

IV. EXAMINATIONS

1. Faculty requirements: The faculty requires that at least two examinations of one hour or more in length be given in each course; one of these two, however, may be the final examination. The other usually takes up a full class hour and is pre-announced to the class at least one week in advance (commonly referred to as "Pre-A"). Pre-announced tests in each course are scheduled not later than November 15th and April 1st of each semester.

2. Incompletion: When a student is absent from a final examination or the instructor is satisfied that there is justifiable reason for his not having completed the work of a course, a grade of Incomplete may be given with the consent of the Dean. An Incomplete may be changed to a numerical grade anytime before the end of the following semester, whenever the work of the course is completed to the satisfaction of the instructor. If the course is not completed within this time limit, a grade of Failure will be recorded unless an exception is allowed by the Dean.

3. Make-ups: A student who is unable to take a final examination at the scheduled time must obtain written permission from the Dean to take another examination, and then make application with the Registrar who will designate the hour and date when it may be made up.

4. Thesis: A thesis in lieu of a final examination is permissible only in courses designated 30 to 50 and then only by notice at the beginning of the semester to the Registrar and to the students in the course.

5. Re-examination: Re-examination, following a final examination, is not permitted.

V. SCHOLARSHIPS

1. Qualifications: Middlebury College scholarships are awarded only to students who present evidence of high academic achievement, well-balanced interests, good moral character and leadership ability. Applicants must also show that they would be unable to attend college without scholarship support.

2. No athletic scholarships: No scholarships are awarded for participation in sports or other extracurricular activities.

3. Academic requirements: A College scholarship is normally awarded for the academic year. In order to receive or retain a scholarship a student must have for the previous semester a minimum semester average of 75 or a minimum grade of 70 in all courses. A scholarship may also be forfeited for misconduct.

4. Automobiles: A College scholarship is not awarded to a student who maintains an automobile for purposes other than employment or essential transportation.

5. Transfer of scholarship students: All Middlebury scholarships are applied toward acquirement of a Middle-

bury degree. If the recipient transfers to another institution, the scholarship must be repaid in full before a transcript will be issued. Exceptions are made for students entering another institution on the Professional School Plans.

6. Amounts: Scholarships are awarded for amounts ranging from $100 per year to full tuition, depending on financial need of the applicant.

7. References: An original application must be supported by letters from three responsible professional men (not relatives) who are conversant with the financial background of the applicant and his family. These letters should comment specifically on the finances, character and ability of the applicant.

8. Confidential information: Information entered on the application will be treated confidentially by the College authorities.

9. In accordance with scholarship and student aid policy whereby Middlebury College expects that some part of the financial assistance available to scholarship holders be taken in the form of a loan, the following ratio of loans to scholarships has been set up by the Committee on Scholarship and Student Aid and approved by the Board of Trustees. In all cases where awards are reduced the student will be offered the balance in loans either from the National Defense Student Loan Program or from College Loan Funds.

	Men		**Women**	
	Scholarship	Loan	Scholarship	Loan
Freshmen	100%	0	100%	0
Sophomores	75-85%	25-15%	90%	10%
Juniors	55-65%	45-35%	90%	10%
Seniors	40-50%	60-50%	90%	10%

VII. STUDENT MOTOR VEHICLE CODE

1. A privilege: Student ownership and operation of motor vehicles at Middlebury is a privilege granted by the Trustees of the College and, as such, is subject to regulations approved by the Trustees. The privilege may be temporarily or permanently withdrawn if subjected to abuse or if the welfare of the student body or the community demands it. A motor vehicle is defined as any motor powered vehicle.

2. A distraction: It should be recognized that student automobiles frequently constitute a distraction from serious academic work as well as constituting a distinct safety hazard; therefore, the College does not encourage their use by students. On the other hand, it does recognize that motor vehicles are an important part of student life; therefore, the objective of the regulations relating to student cars is to restrict the privilege to those who demonstrate maturity and responsiblity. Correspondingly, the purpose is to deal strictly but fairly with students who violate rules and regulations of the College, Town and State, and who thus jeopardize the privilege accorded student drivers as a whole.

3. Responsibility: In undertaking the regulation of student motor vehicles, the College assumes no responsibility which legally belongs to parents or guardians. Parents or guardians are legally responsible for any claims resulting from accidents or other difficulties arising from use of motor vehicles by minors. Parents should be fully aware of this in granting permission for their sons or daughters to operate motor vehicles.

4. Extent of regulation: Obviously no set of regula-

tions can cover all situations that may develop. The Middlebury Motor Vehicle Regulations takes this into account and a violation of the spirit of these regulations may incur a penalty similar to that incurred by the violation of a specific regulation.

Eligibility

1. Senior and Junior men and Senior women are granted the privilege of maintaining and operating motor vehicles at Middlebury. All student drivers must comply with the code governing the use of motor vehicles.

2. No Freshman or Sophomore will be permitted to operate a motor vehicle unless he is at least twenty-one (21) years of age, or a daily commuter to the College living in the immediate area. Such Freshmen or Sophomores shall comply with the Code. All students living off campus who are otherwise permitted to operate motor vehicles must register the vehicle being operated on campus.

3. All eligible students must produce a State Motor Vehicle Registration, driver's license, and evidence that the motor vehicle is insured for at least the minimum coverage of $10,000-$20,000, Bodily Injury (Public Liability), $5,000 Property Damage, and $1,000 Medical Payments. Evidence will consist of a letter from the insurance company or agent indicating that the applicant is properly insured, or an insurance binder, or a copy of the insurance policy. This insurance must be maintained in force through the full period college registration.

4. Lending or borrowing of student cars is contrary to college policy, and full responsibility rests with the owner.

5. A current State Inspection Certificate is required.

*6. Eligibility shall entail the installment of commercially approved seat belts on the two front seats.

*7. No motor vehicle which is owned by a student ineligible under these regulations to maintain a car at Middlebury (or owned by such an individual's family) may be registered at Middlebury by another student otherwise eligible to maintain a car. Any married student may register and drive an automobile, provided that he or she is not contradicting a related penalty handed down by the Dean of Men, the Judiciary Council, or civil authorities.

Registration

1. All motor vehicles must be registered annually at the Office of Campus Police. A registration fee of $10 per academic year will be charged. For any motor vehicle registered after Spring Vacation, a fee of $5 will be assessed. A fee of $1 will be charged for the transfer of registration during the current school year.

2. All eligible students under twenty-one (21) years of age must have on file at the Office of Campus Police a liability agreement form signed by their parents or guardian and the owner of the vehicle. Anyone over twenty-one (21) who operates a motor vehicle owned by anyone other than himself must have on file at the Office of Campus Police a liability agreement form signed by the owner of the vehicle.

*3. After September 23, 1962, no unregistered vehicle may be maintained by any student at Middlebury College. Students bringing cars to Middlebury after this date should park their vehicles in a College parking lot and immediately procure registration before the vehicle is operated again.

4. No permission or registration is required for the use of a family automobile by any student while his parents are visiting Middlebury except that no student whose own College registration or driving privilege is currently revoked may drive a family car in Middlebury.

5. Students must carry campus registration cards

with the State Registration and Driver's License. They shall show them to any authorized College, Municipal, or State Official upon request.

6. The College registration insignia shall be displayed at all times in clear view on the vehicle on the left hand portion of the rear bumper, except when specific permission is given by the Campus Police Officer. Previous registration insignia must be removed or obliterated.

7. Changes in registration data must be reported to the Office of Campus Police within forty-eight (48) hours after the change occurs.

8. Students ineligible under these regulations to maintain and register motor vehicles at the College may bring such vehicles to Middlebury but in every such instance the car must be immobilized immediately by removing and turning in the registration plates to the Office of Campus Police.

9. No permission will be granted to move such vehicles except for purposes of repair specifically approved in advance by the Campus Police Officer.

10. Students ineligible to maintain motor vehicles cannot drive home for weekends or any other period except at the end or beginning of a semester or during Thanksgiving, Christmas, and Spring Vacations, or to take the vehicle home when such a movement is a permanent change of location for the vehicle.

11. The Office of Campus Police, located in Willard Hall, will be open daily except Sundays from 12:30 to 1:30 P.M. for the purpose of registration and other matters pertaining to motor vehicles.

Operation of Cars and Parking

*1. No student motor vehicle will be parked or operated on the main campus of the College except on the day

when regularly scheduled college recesses begin and end, or on other exceptional and infrequent occasions as designated by the Dean of Men. These restricted areas are: Chateau Road, Pearsons Road, Hillcrest Avenue, Hepburn Road, and Old Chapel Road. No student motor vehicles may be parked on College Street between Storrs Avenue and Hillcrest Avenue between 7:45 A.M. and 4 P. M. Monday through Friday and from 7:45 A. M. to 12 noon Saturday. No student motor vehicle may be parked between the "No Parking Here to Corner" signs and the entrance to Hepburn Road at any time. Limited parking will be permitted at the lot at the end of Hillcrest Road upon special permission from the Office of Campus Police.

2. Motor vehicles may not be operated on college property at speeds exceeding 20 miles per hour or in a reckless manner.

*3. While College is in session, students violating State or Municipal Motor Vehicle Regulations will be subject to penalty by the Judiciary Council in conjunction with the Dean in addition to any penalty applied by the public authorities. In particular, student drivers are reminded that speed limits are to be enforced between the following points: the intersection of College and Main Streets to Blinn Lane; the intersection of Main and So. Main Streets to the Field House; Storrs Avenue; and the intersection of So. Main and South Streets to Porter Field Road.

*4. A student will, within forty-eight (48) hours, report to the Dean any accident or violation of State Motor Vehicle Regulations and local ordinances with which he is charged or verbally summoned (as is the custom in Middlebury). Failure so to report is itself a serious violation of this Code.

5. All regulations concerning eligibility, registration, operation and parking of student motor vehicles will be in effect for the first day of classes in September through

the last examination of the school year, with the exception of driving and parking on campus for the purpose of loading and removing luggage and immediately leaving campus.

Penalties and Enforcements

1. The student Judiciary Councils will work in conjunction with the Dean of Men and Dean of Women in imposing penalties and enforcing the Code.

2. Traffic violations of a minor nature accruing on a semester basis, will carry the following penalties:

Second Offense — Minimum penalty $2.00
Maximum penalty — Motor vehicle impoundment for not more than fourteen (14) days.

Third Offense — Minimum penalty $5.00. Maximum penalty — Indefinite impoundment.

4. Penalties for further traffic or driving violations and any other violations, whether First offenses or not, involving serious irresponsibility may extend to longer periods of vehicle impounding or to suspension or dismissal.

5. Failure to register the motor vehicle and attach insignia within the prescribed time shall carry a minimum mandatory penalty of a seven (7) day impounding of the vehicle. In addition, failure to register a motor vehicle over an extended period of time (more than ten days) shall subject the student owning or maintaining the motor vehicle to possible loss of driving privilege or more serious disciplinary action according to the decision of the Judicial Board.

6. Students operating a motor vehicle while ineligible for this privilege shall be subject to loss of the driving privilege for all or part of their college career or to suspension from college upon decision of the Judicial Board.

7. When a student is placed on double class warning, the student will be notified by the Dean and the student's car will be impounded and his license plates removed for the duration of the double warning.

8. In any case of intoxication in connection with the operation of a motor vehicle, the minimum penalty applied shall be the impounding of the violator's vehicle for one academic year, (and/or) such other penalty as may be recommended by the Judiciary Council to the appropriate Dean.

9. Suitable disciplinary action will be recommended by the Judiciary Council to the appropriate Dean in all cases of unacceptable conduct in connection with motor vehicles.

This ruling is called to the special attention of freshmen and sophomores."

* Indicate additions to student Motor Vehicle Code.

Definition of Impounding

All vehicles impounded by the Judiciary Council or the Dean will be parked at the Service Building and the license plates removed and held by the authorities, within twenty-four (24) hours after the penalty has been imposed. The vehicle will remain immobile for the duration of the imposed penalty, and the owner may operate no other vehicle during the period of impounding.

IX. MEN'S DORMITORY REGULATIONS

1. Director of Men's Residences: The Director of Men's Residences has the responsibility for proper maintenance of dormitories, may inspect rooms at any time and may

recommend to the Administration the withdrawal from a dormitory of any student who fails to show respect for college property, who fails to keep his room in an orderly and sanitary condition, or disregards regulations for quiet hours.

2. Furniture: Rooms are furnished with single or double-deck beds, mattresses, desks, dressers and chairs. Bedding, pillows, rugs and other accessories are furnished by the occupants. Because of limited floor space, no additional furniture may be moved into rooms or alterations made in room arrangements without first obtaining authorization from the Director of Men's Residences. Television sets may not be set up in rooms.

3. Services: Room charges include heat and electricity, and maid service once a week. Students provide their own laundry service. No alterations to electrical circuits or fixtures are permitted. Where moulding is provided for pictures, hooks will be supplied by the college carpenter upon request. Nails and tacks should not be driven into walls or woodwork and use of tape on walls is not permitted.

4. Responsibility: Repair charges for damage to a room or its furnishings are paid by the occupants regardless of who caused the damage; when individual or group responsibility for damage in corridors and the common rooms of a dormitory cannot be determined, repair charges are divided among all the residents of the dormitory or among those living in a section of the dormitory where the damage occurs.

5. Pets: Dogs and other pets may not be kept in dormitories.

6. Firearms: Only registered firearms are permitted in the dormitories.

7. Fireworks: Fireworks of any nature are prohibited in the dormitories.

The only exception to these regulations are for adult immediate relatives or when the Director of Men's Residences has been consulted.

10. Vacations: Dormitories are closed and all rooms locked during Thanksgiving, Christmas and Spring vacation periods. Students may not have access to dormitories during vacation periods.

11. Proctors: Each section of a men's dormitory has a student Proctor who represents both the students and the Administration in maintenance of order and enforcement of quiet hours. Criticisms and suggestions for improvement of dormitory life should be taken up with the Proctors. Proctors are supplied with pass keys for rooms.

12. Room reservations: Preference in choice of rooms is given to students in order of classes. Preference within classes is given in order of academic ranking for the previous semester. Reservations are made by upperclassmen during the spring for the following year, and an advance deposit of $10 is required at the time the room contract is prepared. This $10 room deposit fee is not returnable but will be applied on the student's semester bill should he for any reason not occupy the room at the beginning of the fall term. Students reserving rooms are responsible for the year's rental charge.

X. STUDENT LIFE COMMITTEE

1. History: The Student Life Committee is a unique feature of undergraduate government at Middlebury, and

one of the oldest standing committees, dating back to 1909. Originally composed of faculty members only, the group exercised paternal command over all extracurricular affairs and carried such varied responsibilities as banning fraternity sleigh rides in 1913, promoting entertainment programs of outstanding lecturers and musicians in 1919, and through the 1920's censoring our vulnerable college humor magazine, The Blue Baboon. In 1927 when two student members were added, the action was lauded as one of the most progressive innovations in the annals of New England college government.

2. Membership: The membership of the Student Life Committee is determined by the President and its authority for action delegated through him. The present membership is entirely ex-officio, consisting of the President of the College, the Dean of Men, the Dean of Women, the Dean of Faculty, the Chaplain, the Director of Redfield Proctor Hall, the Chairman and Vice-Chairman of the Student Association, the President of the Inter-fraternity Council, the President of the Panhellenic Council, the Editor of the Campus, and an alternate member-at-large elected by the Cabinet of the Student Association.

3. Responsibilities: To the Committee have been delegated the following responsibilities:

Approving the constitutions and changes in constitutions for all recognized undergraduate organizations on the campus, exclusive of athletic organizations.

Making recommendations to the Faculty, the Administration or the Assembly on any affairs relating to social life.

4. Calendar: In connection with these responsibilities, all organizations wishing to schedule events officially on the calendar are required to register a date with the Director of Redfield Proctor Hall.

5. Approval of constitutions: An organization is required to submit a draft of its constitution to the Committee for approval before the organization may be officially recognized. Amendments must also be submitted and approved prior to their being considered effective.

XI. GENERAL

1. Disciplinary authorities: The Deans act as the executive agents of the College in all cases of discipline arising under college regulations. A student desiring to appeal a decision of one of the Deans has the right to present his case to the Administration Committee.

2. Power to exclude students: The College reserves the right to exclude at any time students whose conduct or academic standing it regards as undesirable, without assigning any further reason therefore. In such cases the fees due or paid in advance to the College will not be refunded or remitted in whole or in part. Neither the College nor any of its officers will be, in any manner, held liable for such exclusion. This regulation applies to any form of misconduct, such as failure to comply with accepted social practice, theft, intoxication, gambling, violation of State Liquor laws, offensive attitude, or neglect of college responsibilities. The penalty for dishonesty is failure, suspension, or discharge from College.

3. Disciplinary warning: A student, or group of students, placed on disciplinary warning for misconduct or violation of college rules is required to comply with such restrictions as the Dean or the Administration Committee may impose. Depending on the nature of the offense, this may involve loss of social privileges, limitation of academic rights, deferment of the award of a degree, or other penalties.

4. Physical requirements: If a student's physical condition, as indicated by the number of absences caused by illness, is such that he is unable to do satisfactory work, he may be required to withdraw from College.

5. Women's activities: Each student of the Women's College shall file at the beginning of her first year in the Office of the Dean of Women the written permission of parents or guardians stating their wishes in regard to motoring. It is to be understood that such permission is in accordance with the faculty ruling concerning the maintenance and operation of automobiles by college students. Women students may ride in cars as late as their time permissions. Boating, canoeing, and swimming are permitted only with written permission from the parents, and are never permitted in the evening.

6. Conduct during vacations: The College holds all students responsible for their conduct during vacations.

7. Marriage: Any student who marries during his college course without first securing the permission of the Dean may be dropped from College.

8. Identification cards: Students are required to have an official Middlebury Identification card in their possession at all times when identity may be in question. Presentation of the card is necessary for admission to home athletic events and college concerts. Failure to show the card when requested by proper college or civil authority is regarded as sufficient reason for disciplinary action. If the card is lost it may be replaced only by authorization of the Administration Committee, following a detailed explanation of the circumstances and payment of a fee of $1.00 to the College Treasurer. The card is valid for the full period of enrollment at Middlebury, and must be surrendered at the Registrar's Office prior to graduation or upon separation from College. Final senior grades and issuance of a transcript after graduation are withheld until the card is surrendered.

9. Residence: All single undergraduate men, except those living at home, are required to live in college dormitories or fraternity houses.

Extracurricular Activities

1. Participation: All regular students in good standing are considered eligible for participation in extracurricular activities. Students on warning in two courses may not participate in extracurricular activities away from the College, and may be required to drop other activities.

2. Regulation: Regulation of student extracurricular activities, dances, entertainments and social gatherings, both in and out of town, is in the hands of the Student Life Committee. This does not include athletic contests which are under the direction of the Committee on Athletics. No new student organization may be formed except by permission of the Student Life Committee. To prevent conflicts, the dates of all college functions must be recorded in advance with the Director of Redfield Proctor Hall.

3. Student representatives: No student or group of students representing the College is allowed to leave Middlebury for the purpose of engaging in any public performance, contest, or exhibition, unless permission has previously been given by the Dean.

4. Organization trips: Unless the Dean's permission has been secured in advance, members of the College organizations may not, on the occasion of any trip, absent themselves from college exercises for a longer period than that covered in the manager's schedule approved by the faculty representative.

Social Events

1. Arrangements: As far as possible, all social events are held on Friday or Saturday evenings. Dances are held on Saturday evenings except in the case of a night before a holiday. A group of students planning any social activity to which college women are invited must secure permission from, and make all necessary arrangements with, the Dean of Women. These arrangements must be completed at least 36 hours before the beginning of the party.

2. **Dances:** Admission to college dances is limited to members of the College and their invited guests. All Saturday night dances close at 12 midnight; tea and dinner dances begin not earlier than 4:30 p.m.

3. **Dormitory social rules:** Women are permitted in the social rooms of men's dormitories only when accompanied by authorized college chaperons. Women are not permitted to visit men's dormitory rooms at any time. The only exceptions to these regulations are for adult immediate relatives; the dormitory superintendent or hostess should be consulted before such guests are taken to dormitory rooms. Men are permitted only in the social rooms specified in the women's dormitories and are not permitted to be in the vicinity of women's dormitories after designated closing hours. They are expected to be familiar with the social rules of the Women's College and are held responsible for infractions.

Fraternities

1. **College women in houses:** Middlebury College women may be entertained in fraternity houses only at specified hours when official college chaperons are present. This includes vacations and graduation. During Winter Carnival, Middlebury College women may be entertained in the houses between 9:00 A.M. and the usual hours for which late permissions are granted if chaperons authorized by the Dean of Women are engaged by the Fraternity for this period.

2. **Women guests in houses:** During the day, women guests from off-campus may be entertained in fraternity houses only when accompanied by another woman. After 7 P.M. women guests from off-campus may be entertained in fraternity houses only when the Dean of Women has been informed in advance and a responsible married couple, house mother or other person in charge has been approved for the occasion. This restriction does not apply to

such visitors as parents, adult relatives, wives of students, wives and guests of alumni. Under no circumstances will women guests remain in Fraternity houses later than the authorized hours for Middlebury women.

3. Social rooms: Fraternities will restrict mixed social activities to the social rooms of the house. Women guests will not be admitted to the second floor except when powder and cloak rooms are temporarily located there.

4. Social probation: The College holds each fraternity or club responsible for the proper use of its rooms, both by its own members and by those to whom it allows the use of such rooms, whether in semester or vacation. Social probation for a fraternity constitutes loss of all social privileges. No women guests of current chapter members, other than adult relatives and friends, may be entertained at the House during the period of social probation, and no mixed parties may be scheduled.

5. The penalty: For disregarding the above rules Middlebury College women may be suspended from college.

6. Hazing: Hazing is prohibited. All activities in connection with the initiation of fraternity pledges, except bona fide Help Week programs, must be conducted within the fraternity house concerned, or on its immediate grounds, and under no circumstances will any such activity be mentally or physically hazardous to those involved.

Women's Regulations

Women's Honor System

We, the students of the Women's College of Middlebury, affirm our acceptance of the responsibilities of student government. As college students we recognize self-government to be a vital aspect of our college life and education.

We interpret the Honor System, on which basis the student government is organized, to mean the existence of confidence in each other's respect for and adherence to the responsibilities set forth in the constitution and women's dormitory and social legislation. We infer that this includes:

1. Integrity and honesty in relationship with others.
2. Behavior which does not reflect discredit upon the individual nor upon the College.
3. Consideration for the rights of others, or any other phase of social decorum.

We individually and collectively recognize that any infraction of our legislation should be self-reported to the House President or Chief Justice, and failure to report oneself calls for prompt social pressure; should this prove ineffective, the house president may be notified and she may speak directly with the offender.

Social pressure is influence exerted by an individual or a group upon a violator of the Honor System.

If any individual consistently abuses the Honor System, the privilege of the Honor System may be revoked on recommendation of the Judicial Council.

These standards are exemplified by proper decorum at all places and all times while we are representatives of the College. In order to maintain these high ideals, certain regulations must be established and understood by all. However, this chapter shall not apply to the furnishing of such beverages or spirits by a person in his private dwelling. . .

NOTE: * Neither a fraternity house nor a dormitory, nor any other such building, is a private dwelling, nor is a room therein, even though occupied exclusively by the person or persons to whom the room has been assigned.

Attention is directed to the fact that the provision of the Statute forbids the furnishing of liquor, without regard to whether or not it is sold. The provision extends even to

the gift of liquor and includes the handing of a drink by one person to another or exposing liquor so that another person may use it.

The Statutes make certain exceptions to the general provision against the furnishing of liquor, but these are limited to cases in which the liquor is furnished on premises licensed to sell it.

b. Section 6174 of the Vermont Statutes:

The liquor administrator, or an inspector or an investigator employed by the liquor control board, may, and any other officer empowered to serve criminal process and state police shall, without warrant, arrest the person whom he finds in the act of . . . unlawfully . . . furnishing . . . spirituous liquor or malt and vinous beverages . . .

(* Interpretation handed down by a lawyer for the University of Vermont.)

c. Section 6212 of the Vermont Statutes:

A person, partnership, association or corporation who furnishes . . . any malt or vinous beverages or spirits . . . shall be imprisoned not more than twelve months, nor less than three months, or fined not more than $1,000.00 nor less than $100.00, or both. For a subsequent conviction thereof such persons, partnership, association or corporation shall be imprisoned not more than three years nor less than six months or fined not more than $2,000.00 or less than $500.00 or both.

d. No. 144 the Acts of 1949:
